MAIL SERVICES

Introducing Dedicated Services

Smart solutions
to save you time
and money

**NEW ZEALAND
COURIERS**
we've got it sorted 

**Providing you with a
courier who understands
you — and your business.**

New Zealand Couriers' dedicated services are courier solutions that go beyond a standard pick-up and delivery. Each service is tailor-made to your specific requirements. Whether it's retrieving mail from your post-box each day or a completely customised nationwide service.

» Three smart solutions

Mail Link

Starting at less than \$5 a day, Mail Link is a personalised mail collection and delivery service that saves you time and money. A dedicated courier will collect and deliver your mail to you at a regular agreed time, as well as pick up your outgoing mail at the end of the day and lodge it with NZ Post or DX Mail.

How it works.

- Arrange a preferred frequency, delivery and collection time
- Give us the location of your PO/DX Box and your box keys
- We'll give you dedicated Mail Link bags with tracking address labels
- We'll pick up and/or drop off your mail at the set times

Branch Link

Branch Link creates a regular courier circuit for your inter-office mail and/or external delivery locations. The service will pass through the sites you specify at the frequency you require – including your offices, branches and stores, as well as customer or supplier locations, locally or nationally.

How it works.

- Arrange a preferred frequency, delivery and collection time
- Give us the internal and external business addresses
- We'll give you dedicated Branch Link bags with tracking address labels
- Your mail and/or parcels will move through the network you have set up at the times you have specified

Secure Business Banking

We're proud to offer Secure Business Banking* – helping businesses transport their banking and valuables safely. Our expertly trained team will pick up your cash deposits and deliver them to the bank the same day. It's simple, secure, and starting at just a little more than \$13.00 a day, offers great value and peace of mind – eliminating any risk to your staff.

How it works.

- Call your local New Zealand Couriers branch to discuss your requirements
- We'll tailor a personalised service to suit your business needs.

* Please note that this service is currently only available in Auckland, Wellington and Christchurch.

» Benefits of our Dedicated Services

Tailor-made to your requirements

You set the schedule and location of your pick-ups and deliveries and we'll organise a personalised service that suits your exact requirements and expectations. No job is too big or too small.

Reliable pick-ups and deliveries

Because your pick-ups and deliveries will always happen at the pre-arranged time, your staff can work around the routine of expecting a courier at the same time each day. And, once it's in place, the service just happens - there's no need to worry about courier tickets or bookings.

Cost efficiency

Say goodbye to the hassle and interruption to workflow and cost associated with collecting your own mail from your PO/DX Box or Private Bag; with Mail Link it's all taken care of. Our Dedicated Services will save you money and allow your staff to focus on the important stuff.

Mail Link more than pays for itself, removing the petrol, parking and mileage expenses involved when collecting the mail, not to mention the cost of time spent doing it. Branch Link solves the challenge of moving mail between your branches, customers and suppliers. You'll enjoy an easy, dependable, consistent delivery service at a very affordable price.

Track your mail

Our Dedicated Services contract bags are labelled with the latest in 2D barcode technology, so they can be tracked via our website or by calling 0800 800 841.

We have a growing list of smart companies from industries such as banking, pharmaceuticals, telecommunications and government departments who use our Dedicated Services. Here's what a couple of them have to say...

"We are delighted with the service New Zealand Couriers provide to clear our PO Box. It's convenient and saves us time, freeing up our staff to do more productive tasks. We'd recommend New Zealand Couriers to anyone, they are reliable and deliver an excellent service."

– Service Delivery Analyst,
Financial Services Industry

"As a medium-sized business we've worked closely with New Zealand Couriers over many years. They're an efficient and reliable national distribution network with a heavy emphasis on fast turnaround times. In partnership with New Zealand Couriers we've been able to develop and adjust our network according to the needs of our customers, while working with their billing and tracking technology for support".

– Key Account Manager,
Commercial Print Industry
